DRAFT

PROPERTY SECTOR CHARTER

1 Preamble

- 1.1 The property sector commits itself to the implementation of a Transformation Charter within the Property Sector. This commitment was made noting that:
- 1.1.1 Despite significant progress since the establishment of a democratic government in 1994, South African society, including the property sector, remains characterised by racially based income and social services inequalities. This is not only unjust but inhibits South Africa's ability to achieve its full economic potential;
- 1.1.2 The property sector believes that positive and proactive response through the implementation of the principles enshrined in the Property Sector Charter would address inequalities in the sector, unlock the sector's potential and enhance growth.
- 1.2.3. The Constitution of the Republic of South Africa Act 108 of 1996, in particular section 9 in the Bill of Rights relating to equality (and unfair discrimination), states the imperative of redressing historical and social inequalities;
- 1.1.4 BBBEE is a mechanism aimed at addressing inequalities and mobilizing the potential of all South Africans. It will contribute towards sustained economic growth, development and social transformation in South Africa.
- 1.2. This draft Property Sector Charter supports the commitment of the all the stakeholders within the Property Sector that strive for transformed property relations in South Africa and to promote a vibrant and growing *property sector* that reflects the South African nation as a whole, contributes towards development and the establishment of an equitable society.
- 1.3 The draft Property Sector Charter:
- 1.3.1 Constitutes a framework and establishes the principles upon which BBBEE will be implemented in the Property Sector;
- 1.3.2 Is a transformation charter as contemplated in the Broad-Based BEE Act (No 53 of 2003) (BBBEE Act) and the DTI Codes of Good Practice on BBBEE and lays the basis for the development of a code of good practice for the property sector, as envisioned in section 9(1) of the BBBEE Act;
- 1.3.3. Establishes targets and qualitative undertakings in respect of each element of BBBEE; and
- 1.3.4 Outlines processes for implementing the commitments contained in the charter, as well as mechanisms to monitor and report on progress.

2 THE CHALLENGES FACING THE PROPERTY SECTOR

- 2.1 *Property ownership* and the complex system that has evolved around it is the foundation of wealth creation in the world today. Historically, *property* has been viewed as a right. In South Africa, however, *black people* were denied access to productive land through the Native Land Act of 1913 and subsequent discriminatory policy and legislation.
- 2.2 *Black people* could not own *property* nor could they effectively trade on properties. In many cases land was held by Tribal Trusts, which precluded people living on tribal land from obtaining title deeds. These laws affected the ability of *black people* to create or accumulate wealth.
- 2.3 Consequently, significant numbers of South Africans have never in the history of their families experienced formal *property ownership* and its wealth creation benefits. This has had a fundamental impact on the economic potential of South Africa and *black people* in particular.
- 2.4 Despite legislative and policy interventions to eradicate these inequalities, in practice skewed patterns of *ownership*, participation and benefit remain.
- 2.5 *Black people* continue to be significantly under-represented in *ownership of property*, whilst administrative, legal and financial constraints restrict the ability of *black people* to participate in the *property* market.
- 2.6 Commercially, direct *property ownership* is dominated by institutional investors, large private owners, *collective* investment schemes, *property* loan stocks and listed *property* entities, with Government being the largest commercial player. There is limited participation of *black people*, particularly women, in *ownership* and *control* of these entities. The commercially driven activities surrounding *property*, including development, management and sales, rests largely in white-owned hands.
- 2.7 *Enterprises* in the sector have inadequately addressed *employment equity* with the result that the sector continues to be under-represented in terms of race and gender.
- 2.8 There is little investment in *skills development* and limited commitment to workplace training.
- 2.9 At tertiary education level, *property* is inadequately supported as a profession, combined with a lack of appreciation of *property* as a career.
- 2.10 Preferential *procurement* has been implemented insufficiently with few *enterprises* being able to demonstrate any progress in increasing *spend* from targeted suppliers or implementing preferential *procurement* policies.
- 2.11 The sector has not effectively addressed gender equality and particularly black women are under-represented in *ownership*, control, management and in professional skills in the sector.

- 2.12 The sector does little to promote the growth of sustainable *enterprises* and there is almost no *enterprise development* support.
- 2.13 There is a lack of investment and *property* development in *under-resourced areas*, perpetuating service inequalities, exacerbating the limited tradability of these properties and consequently the wealth and capital creation potential of properties.
- 2.14 There is insufficient financing available to address the skewed patterns of ownership. This situation is exacerbated by legal and administrative obstacles to property ownership.

3 OBJECTIVES OF THE PROPERTY SECTOR CHARTER

The charter aims to promote the objectives contained in section 2 of the BBBEE Act as these relate to the Property Sector and in particular, but without limitation:

- 3.1 Promoting economic transformation in the *Property Sector* in order to enable meaningful participation of *black people* including *women*; the youth and people with disabilities;
- 3.2 Unlock obstacles to *property ownership* and participation in the *property* market by *black people*;
- 3.3 Promoting *property* development and investment in *under-resourced areas* which enhances basic infrastructure, encourages investment and supports micro and small enterprises;
- 3.4 Achieve a substantial change in the racial and gender composition of *ownership, control* and *management* and enhance the participation of *black people*, including *black women* and *designated groups* in the *property sector*;
- 3.5 Promote the effective advancement of *employment equity* in the property sector and encourage diverse organisational cultures;
- 3.6 Increase the pool of intellectual capital amongst black people, particularly black women, in the sector by focusing on attracting new entrants and developing appropriate curricula;
- 3.7 Address skills development in a manner that accelerates the advancement of black people, black women, black employees with disabilities with increased investment in the skills development and training of new entrants
- 3.8 Enhance entrepreneurial development and increase the number of BBBEE firms and SMMEs providing *services* and products to the sector whilst promoting sustainable growth of such firms;
- 3.9 Increase the *procurement* of goods and *services* from *BBBEE* suppliers;
- 3.10 Facilitate the accessibility of finance for property ownership and *property* development;

- 3.11 Encourage good corporate citizenship amongst *enterprises* in the sector, including participation in *corporate social investment* projects and adherence to triple bottom line accountability;
- 3.12 Promote investment in the *property sector* and contribute to growth of the *sector*, and
- 3.13 Enhance uniformity and consistency in the application of the principles contained in the charter.

4 SCOPE OF APPLICATION

- 4.1 The Property Sector Charter (including the scorecard incorporated herein) applies to all privately owned enterprises within the Property Sector. In addition, and once gazetted under Section 9 (1) of the BBBEE Act this charter is binding to all organs of state and public entities, organized labour and communities involved with or interested in the Property Sector.
- 4.2 The scope of this charter is applicable but not limited to the following industries:
 - 4.2.1 Residential Property Industry which include:
 - 4.2.1.1 Houses
 - 4.2.1.2 Community Schemes
 - 4.2.1.3 Land for Development
 - 4.2.2 Commercial Property Industry, which include:
 - 4.2.2.1 Office Property Industry;
 - 4.2.2.2 Industrial Property Industry;
 - 4.2.2.3 Leisure Property Industry;
 - 4.2.2.4 Retail Property Industry; and
 - 4.2.2.5 Land for Development

5 FOCUS OF APPLICATION

- 5.1 This charter applies to the South African *property sector*, and in particular to all enterprises engaged in property ownership or the provision of property services, and includes without limitation, practitioners and enterprises engaging in property development. It does not include any property enterprise outside the borders of Republic of South Africa.
- 5.2 The stakeholders all acknowledge that the scope defined in this paragraph 5.1 represents a basis for delineation of the property sector based upon common commercial characteristics.
- 5.3 Subject to any provisions to the contrary contained in any provision of the codes of good practice issued under the BBBEE Act:
 - 5.3.1 This charter will be applicable to a subsidiary of a holding company or a division or business unit of a company if the primary business of the subsidiary, division or business unit of that company is dealing property or providing property services, even if the company or holding company, as the case may be, may be bound by or required to comply with the provisions of another charter.
 - 5.3.2 Exempted Micro Enterprises (EMEs) will be exempt from obtaining a BBBEE verification certificate and will automatically be awarded a BBBEE recognition level of 4. In the event that their black ownership exceeds 50%, they will be awarded a BBBEE recognition level of 3. Exempted Micro Enterprises are allowed to be measured in terms of the QSE scorecard should they wish to maximize their points and move to the next procurement recognition level.
- 5.4 (CODE 800): Measurement of BBBEE in small Enterprises for the below mentioned property segments, apply the element that is higher within the given segment as shown in the table below.

		ASSET BASED	SERVICE BASED	ESTATE AGENTS/ BROKERS
Qualifying Small Enterprises	Net Assets	R 30 M – R280M		
	Gross Income or Turnover		R5M – R35M	R1M- R35M
	Number of employees		20	5

- 5.5 A Qualifying Small Enterprise (QSE) must select any four of the seven Elements of B-BBEE for the purpose of measurement under the Qualifying Small Enterprise Scorecard contained in code 800. The threshold of the QSE is as per the table 5.4.
- 5.6 The Exempted Micro Enterprise (EME) will be enterprises that qualify for exemption using the above table under 5.4
- 5.7 The Property Sector Charter scorecard element weighting is as follows:

ELEMENT	CODE NUMBERS	WEIGHTING
PROPERTY SECTOR CHARTER		
Ownership	Code 100	20 points
Management Control	Code 200	10 points
Employment Equity	Code 300	15 points
Skills Development	Code 400	15 points
Preferential Procurement	Code 500	20 points
Enterprise Development	Code 600	10 points
Socio-Economic Development	Code 700	2 points
Economic Development		15 points
TOTAL		107points

- 5.8 The BBBEE recognition level of a property-sector enterprise, will be recognised based on the status as indicated in the DTI Codes, Code 000: BEE Status

6 ROLE OF COUNCIL

- 6.1 The sector Charter Council will be established representing all stakeholders. The mandate of the Charter Council will include:
 - 6.1.1 To constitute an executive structure with adequate capacity;
 - 6.1.2 To oversee and monitor the implementation of the Charter;
 - 6.1.3 To receive, consider and approve enterprise annual BBBEE reports;
 - 6.1.4 To issue guidance notes on the interpretation and application of the Charter;

- 6.1.5 To prepare an annual report on progress in implementing the Charter; and
- 6.1.6 To liaise with and report to the BEE Advisory Council on transformation of the Property Sector.

7 MONITORING AND REPORTING

- 7.1 Each *enterprise* will submit a BBBEE report annually to the Charter Council. The report, which will be publicly accessible, must contain the *enterprise's* scorecard, verified by an accredited BEE verification *agency* and an account of progress in achieving the qualitative undertakings outlined in the charter.
- 7.2 The first annual report will be for the enterprises first full financial year after the effective date of the charter and must be submitted to the sector charter council within three months after the financial year end.
- 7.3 Between the effective date of the charter and the first reporting date, enterprises will be measured on provisional verifications based on the charter, provided by DTI accredited verification agencies. Once gazetted, the Charter will be binding and enforceable and the verification certificate acquired before the gazetting of the Property Sector Charter will remain valid for 12 months.
- 7.4 After three (3) years of gazette, the Sector Charter Council will comprehensively review progress on the implementation of the charter.
- 7.5 The targets contained in the charter will be valid for ten years. However, the sector has committed to achieve the set targets within five years. After five years a comprehensive review will be undertaken and further targets will be set.
- 7.6 Subject to any provisions to the contrary contained in the Code of Good Practice issued under the BBBEE Act, the performance of small enterprises will be measured out of 107 points on the Property Sector Charter scorecard.

8 OWNERSHIP

- 8.1 To date the commercial activities surrounding *property* continue to reflect inequalities in *ownership*, with little transformation having taken place. The situation is further exacerbated by skewed *ownership* patterns of *property* in general.
- 8.2 The charter aims to address the low levels of black (share) *ownership* in *property enterprises* (including *property services enterprises*), as well as deal with obstacles to *ownership* by black people of *property* assets.
- 8.3 Each *property sector enterprise* commits to achieve the targets within five years:

- 8.3.1 at least 25% ownership and economic interest held by black people and 25% plus one vote exercisable by black people in such enterprises;
- 8.3.2 at least 10% ownership and economic interest held by black women and 10% votes exercisable by black women in such enterprises; and
- 8.3.3 at least 2.5% participation in ownership and economic interest held by broad-based ownership schemes and/or designated groups.
- 8.4 for property owning companies only, the following measurement of net equity (realization points) will be applied as indicated in the table below, whilst for the other areas in the property sector will apply the measurement of net equity (realisation points) as indicated in the Codes of Good Practice.

Year	Percentage
Year 1	3%
Year 2	7%
Year 3	10%
Year 4	15%
Year 5	19%
Year 6	24%
Year 7	30%
Year 8	36%
Year 9	43%
Year 10	50%

8.5 Given that majority of the listed share register have a mandated investments that are far beyond 40%, a special consent is given for only property listed companies and Property Unit trusts to cap the mandated investment at 70%. Despite this provision, the cap shall be 40% as in the Generic Codes for those listed companies and Property Unit trusts, unless there is consistent evidence of 60% or more of the mandated ownership three years prior to being verified.

Peculiar cases will be reviewed and assessed on case to case bases via an application to Property Sector Charter Council office and the DTI (BEE Unit). The application would have to provide detailed and full justification that warrants a special concession.

- 8.6 Black people, women and designated groups who are already involved in the sector, should be given preference in case of any competitive bids for equity *ownership* opportunities in enterprises within the property sector.
- 8.7 The funding structures should facilitate the transfer of full economic interest to the black partners and longer term shareholder-type relationships.
- 8.8 Any provisions in Code 100 relating to the recognition of ownership contributions arising from the sale of shares, businesses or assets by enterprises, shall apply to enterprises in the Property Sector, provided that the sale itself is not counted under enterprise development principle.
- 8.9 The parties to the charter commit to devise mechanisms to unlock obstacles that restrict the ability of black people to own property and to participate in the property market. These would include but not be limited to the following:
- 8.9.1 Address administrative and legal constraints to ownership, in partnership with the relevant government departments at national, provincial and local level;
- 8.9.2 Design partnerships with the financial sector and government to enhance access to finance for property ownership and property development initiatives;
- 8.9.3 Meet asset disposal targets as outlined in the economic development section of the Sector Charter
- 8.10 Treatment of indirect ownership: the Property Charter will follow and apply the DTI Codes of Good Practice in this regard. If there is any matter relating to score cards and/or measuring of enterprises in the Property Sector Charter, the generic DTI Codes of Good Practice, shall take precedence over the charter code 100.
- 8.11 Only in property owning companies the adjusted ownership code will be applied as indicated in the table below. All other transactions should apply the ownership Code 100 of the Codes of Good Practice.

10 EMPLOYMENT EQUITY

- 10.1 Despite the introduction of the Employment Equity Act, No. 55 of 1998, racial and gender representivity in the *property sector*, especially in the various management categories, is not representative of the demographics of the country.
- 10.2 Consequently, each property sector enterprise undertakes to:
 - 10.2.1 Implement transformation programmes in its workplace and eradicate inequalities and disparities;
 - 10.2.2 Promote a non-racial, non-sexist environment and enhance cultural diversity and gender sensitivity; and
 - 10.2.3 Ensure reasonable accommodation and access for applicants of employment and employees with disabilities within the Sector.
- 10.3 In addition to obligations in terms of employment equity, *enterprises* in the sector commit to achieve the following targets within five years from the effective date of the sector charter:
 - 10.3.1 2% Black disabled employees as percentage of all employees;

- 10.3.2 43% Black senior management employees as a percentage of all employees using the adjusted recognition for gender;
- 10.3.3 63% Black employees in middle management as a percentage of all employees using the adjusted recognition for gender;
- 10.3.4 68% Black employees in junior management as a percentage of all employees using the adjusted recognition for gender;
- 10.4 Recognising that property brokerages and residential estate agencies do not differentiate various management levels, property brokers and residential estate agents in the sector commit to achieve the following targets within five years from the effective date of the charter.
 - 10.4.1 37.5% Black practitioners as % of total practitioners using the adjusted recognition for gender;
 - 10.4.2 30% Black people in management as % of total Management using the adjusted recognition for gender.
- 10.5 The stakeholders acknowledge that, on the issuing of the Code of Good Practice 300 on Employment Equity, the charter council has:
 - 10.5.1 Considered the extent to which the targets or weightings in respect of employment equity in Code 300 exceed those specified in this charter, and accordingly the lower targets and/or weightings in this charter have been aligned on the basis of sound economic principles; and
 - 10.5.2 Considered the extent that the targets or weightings in respect of employment equity in Code 300 do not exceed those specified in this charter, and accordingly the higher targets and/or weightings in this charter represent the consensus of all stakeholders.
 - 10.5.3 Entities should take into consideration that the ultimate ten years targets under this element which they are expected to achieve are contained in Code 300 of the Codes of Good Practice.

11 SKILLS DEVELOPMENT

- 11.1 *Enterprises* in the sector are not adequately investing in *skills development* and consequently there are limited levels of workplace development and continued professional training. There are also an insufficient number of structured and accredited training programmes or curricula in *property* related professions.
- 11.2 The parties to the charter commit that within one year of the effective date of the charter a programme which outlines key actions to address the backlog in structured skills development for the sector will be developed. This programme will be designed in partnership with the sector, the SETA, the Estate Agency Affairs Board (EAAB) and any other sector regulatory body, academic institutions and government.
- 11.3 *Enterprises* in the sector commit to achieve the following targets:
- 11.3.1 1.5% of skill development expenditure of learning programmes, specified in the learning matrix for black employees as a percentage of leviable amount using the adjusted recognition for gender, in addition to the skills development levy;
- 11.3.2 2.5% of number of blacks participating in learnerships or Category B, C, D programme as a percentage of total employees using the adjusted recognition for gender;

- 11.3.3 0.3% skill development expenditure on learning programmes, specified in the learning matrix for black people employees with disabilities as a percentage of leviabale amount using the adjusted recognition for gender.
- 11.4 In addition to the above, enterprises in the sector will:
 - 11.4.1 Implement internships whereby academically qualified individuals are working under supervision of qualified professionals to upgrade the professionalism in the sector;
 - 11.4.2 Focus on recognition of prior learning to determine the level of competency in the sector and promote further development and training to improve the level of competency in the sector; and
 - 11.4.3 Promote continuous professional development in the sector.
- 11.5 Each enterprise will submit, in compliance with the Skills Development Act No. 97 of 1998, a workplace skills plan.

12 PREFERENTIAL PROCUREMENT

12.1 To date there has been limited implementation of preferential *procurement* practices in the sector. The parties to the charter therefore commit to achieve the following targets within five years from the effective date of the sector charter:

12.1.1 70% of procurement spend from all suppliers based on the BEE procurement recognition levels as a percentage of the total measured procurement spend;

12.1.2 10% of procurement spend from Qualifying Small Enterprises (QSE) or Exempted Micro-Enterprises (EME) based on the applicable BEE procurement recognition levels as a percentage of total measured procurement spend;

12.1.3 15% of procurement spend from any of the following suppliers (regardless of their BEE procurement recognition level) as a percentage of total measured procurement spend:-

12.1.3.1 Suppliers that are more than 50% black owned (3 out of 5 points);

12.1.3.2 Suppliers that are more than 50% black women owned (2 out of 5 points)

12.1.4 40% spend property service Enterprises (level 1-4) of total property Services spend

12.1.5 Entities should take into consideration that the ultimate ten years targets under this element which they are expected to achieve are contained in Code 500 of the Codes of Good Practice.

13 ENTERPRISE DEVELOPMENT

- 13.1 There are numerous micro and small businesses in the sector; however few of these have significant levels of black ownership and *control*.
- 13.2 The property sector commits itself to invest in, support, facilitate and foster new and existing small and micro enterprises possessing Level One (1) to Level Four (4) *BBBEE* status, through the implementation of comprehensive enterprise development programmes
- 13.3 Consequently each enterprise in the sector commits to achieve the following targets over five (5) years:
 - 13.3.1 3% of net profit after tax (NPAT) as an average annual value of all enterprise development contributions and sector specific programmes made by the measured entity as percentage of the target

 - 13.4.1 Management, business development and technical skills transfer;
 - 13.4.2 Technology transfer, establishment of administrative systems, cost control systems and infrastructure support;
 - 13.4.3 Development of entity credit resources with suppliers; and
 - 13.4.4 Development of entity financial capacity and/or financial assistance.

- 13.5 Enterprise development plans should promote sustainability and must provide for the measurement of enterprise growth.
- 13.6 Enterprises to be targeted for enterprise development will be determined in accordance with the BBBEE status matrix in this charter.

14 SOCIO-ECONOMIC DEVELOPMENT

- 14.1 The Property sector has to date not effectively implemented Socio Economic Development initiatives).
- 14.2 The parties to this charter commit to utilising the resources at their disposal to initiate and contribute to Socio Economic Development projects that benefit black groups, communities and individuals and that promote transformation and development.
- 14.3 In the planning of Socio Economic Development projects, the parties undertake to consult with beneficiary communities to ensure that their developmental needs will be met.
- 14.4 The parties commit to ensuring that projects go beyond the financial contribution by including monitoring and evaluation of impact in their Socio Economic Development.
- 14.5 The parties undertake to form partnerships with appropriate private sector organisations, within and outside the property sector, and with government structures to enhance assistance and support to communities.
- 14.6 Parties to this charter will commit a target of 1% of net profit after tax (NPAT) of average annual value of all Socio-economic development contributions made by the measured entity as a percentage of the target.

- 14.7 Socio Economic Development projects may include but will not be limited to:
- 14.7.1 Support for community education facilities; programmes at secondary and tertiary education level which promote the sector; bursaries and scholarships, which are oriented towards property related professions;
 - 14.7.2 Consumer education and information on property ownership and property practice ;
 - 14.7.3 Training: community *training*; building related trades and skills development for unemployed school leavers; adult basic education and *training* in communities;
 - 14.7.4 Development Programmes for *black youth* and other *black designated groups*;
 - 14.7.5 Environment : support of conservation projects; community clean up projects; urban agriculture and food security, garden initiatives; environmental preservation of flora and fauna in areas where the biodiversity is put at risk due to property development;
 - 14.7.6 Arts & Culture: support of development programmes for new talent and provision of more public culture centres;
 - 14.7.7 Health: HIV and AIDS awareness, support of community clinics and access to health care;
 - 14.7.8 Sport: support of developmental programmes; and
 - 14.7.9 Job creation.
- 14.8 Contributions in kind (e.g. employee time spent on *Socio Economic Development* projects) will be recognised in the calculation of *Socio Economic Development spend*.

15 ECONOMIC DEVELOPMENT

- 15.1 There is a lack of investment and *property* development in *under-resourced areas*, perpetuating service inequalities and exacerbating the limited tradability of properties in these areas.
- 15.2 The parties to the charter acknowledge their role in directing investment into under-resourced areas. Consequently, property enterprises will participate in *property development* and *transformational infrastructure* projects that support development, empower micro and small enterprises and contribute towards equitable access to economic resources in under-resourced areas.
- 15.3 The sector Charter Council will set guidelines that meet the above objectives, against which property sector investments will be measured, within six months after signing the charter.

- 15.4 *Enterprises* in the sector consequently commit to spend 10% of their total new annual acquisition of property or new property development in property development or transformational infrastructure cumulatively over a five-year period in under-resourced areas.
- 15.5 There has been limited support by the sector of entrepreneurial development and both public and private sector disposal strategies have in general inadequately incorporated BBBEE objectives
- 15.6 The sector commits to utilise *property* disposals to increase *property ownership* amongst *black people* and to contribute towards the growth of sustainable enterprises. In pursuit of this commitment, enterprises in the sector commit to target 35% of disposals to Level One (1) to Level Three (3) BBBEE enterprises over a five year period from the effective date of the Sector Charter.
- 15.7 A sale of fixed property as contemplated in paragraph 15.5 may not be simultaneously counted towards the ownership score, regardless of the fact that an actual business unit may have been sold.

PROPERTY CODE: ECONOMIC DEVELOPMENT SCORECARD

CRITERIA	WEIGHTING POINTS	COMPLIANCE TARGET
Disposal of assets to B-BBEE enterprise (Level 1-4) as a % of total asset disposal (private)	8	35%
Development Investment in under-resourced areas as a % of total annual investment	7	10%

- 15.8 As part of the process, the parties will design appropriate risk mitigating measures and risk sharing arrangements with Government and its development finance institutions and the Financial Sector Charter Council.
- 15.9 National, provincial and local government will identify *property* for development purposes in line with integrated development plans and combine zoning rights with development requirements.
- 15.10 Noting that not all property sector enterprises participate in investment, the charter council will, within one year, formulate mechanisms to measure the participation and contribution of all property sector enterprises in development.

16 COMPLEX STRUCTURE

16.1 Where an *enterprise* is exempt from an indicator in the scorecard it will calculate its overall performance based on 100 points minus the weighting allocated to the indicator from which it is exempt. For example any enterprise that does not own properties which it could dispose of or make investments in property related developments, will be exempt from performing under those categories of the scorecard and consequently scored out of commensurately less. This is illustrated on the table below.

17 GENDER TRANSFORMATION

- 17.1 The sector continues to reflect vast inequalities in representation of women in general and black women in particular in *ownership*, control, management and in skilled professions in the sector.
- 17.2 In acknowledging the cross-cutting nature of gender across all elements of BBBEE and its integral nature to transformation of the sector the parties to this charter commit to:
 - 17.2.1 Enhance gender awareness in the workplace and promote a conducive and empowering environment for women in general;
 - 17.2.2 Strengthen gender equality training, gender-based violence awareness and the dissemination of gender-disaggregated and gender-relevant information;

- 17.2.3 Target skills development and employment equity for women particularly in areas that are presently male dominated;
- 17.2.4 Design targeted procurement and enterprise development programmes which increase the participation of women as owners of property assets and business in the sector;
- 17.2.5 Identify barriers for black women advancement and design targeted programmes to increase the representivity and the empowerment of black women in the sector as outlined in all elements of this charter; and
- 17.2.6 Devise policies on gender that address the above objectives and submit the policies together with a report of progress in implementing the policies annually to the Charter Council.

18 REGULATORY ISSUES

- 18.1 It is acknowledged that the Codes of Good Practice issued under the BBBEE Act will govern the measurement of BBBEE. In this regard the stakeholders acknowledge that to the extent that the measurement principles contained in the Codes of Good Practice differ materially from those in the charter, the measurement principles in the Codes of Good Practice, will take precedence over the content of this charter.
- 18.2 To the extent that any of the Codes of Good Practice specify further measurable elements of BBBEE, the stakeholders commit to apply the utmost good faith in seeking to ensure that such elements are integrated into this charter.
- 18.3 The parties to the charter commit to review on an ongoing basis any legislation, policy and standards, which may have a direct impact on the empowerment outcomes of the charter and any sector code gazetted pursuant to this charter, to ensure that the *property sector* remains committed to the attainment of the national BBBEE objectives and priorities.
- 18.4 This could include, but would not be limited to, government's regulatory framework in respect of *property transactions* where and whenever they have to apply for rights or ask for consent from government, including, access to development land and rights and zoning rights and transactions.

19 THE SCORECARD

- 19.1 The scorecard provides an objective and broad-based set of measurement indicators for purposes of measuring BBBEE progress in and between *property enterprises*, in different sub-sectors and in the *property sector* as a whole.
- 19.2 The scorecard contains the following:

- 19.2.1 Elements: The core elements of the charter, derived from the BBBEE Act and Codes of Good Practice issued in terms of the Act
- 19.2.2 Indicators: The area of measurement pertaining to an element of BBBEE;
- 19.2.3 Targets: Quantifiable measurement of transformational initiatives;
- 19.2.4 Weightings: A number on the scorecard against which an enterprise's performance in terms of a particular target will be calculated; and
- 19.2.5 Bonus points: It is possible to earn bonus points. In all instances these bonus points are aimed at incentivising enterprises to broaden the effect of their transformation programmes.
- 19.3 The BBBEE status of a *property sector enterprise*, after calculating its score in terms of this scorecard, will be classified as per the BEE status matrix in this charter.
