6. Norms for granting of licences for pharmacy premises

6.1 New Pharmacy Premises

The following norms are applied in the consideration of applications for new pharmacy premises:

6.1.1 There should be at least one community pharmacy in each sub-district or place;

6.1.2 Based on population, the ratio applied is 1 (one) pharmacy per 5000 (five thousand) population, except in rural sub-districts where the ratio is 1 (one) pharmacy per 2500 (two thousand five hundred) population. This ratio does not apply in the case of an institutional pharmacy situated in a public health facility, an institutional pharmacy situated in a private health facility and the pharmacies mentioned in clauses 4.4 and
GUIDANCE FOR THE ISSUING OF LICENCES FOR PHARMACY PREMISES

4.5. In rural sub-districts, exceptions to the population norm may be considered where the proposed pharmacy is more than 20 (twenty) kilometres from an existing pharmacy;

6.1.3 In the case of an application for a licence for a new community pharmacy, such premises may not be located less than 500 (five hundred) metres from an existing community pharmacy. In rural sub-districts, exceptions to this norm may be considered based on the availability of premises for commercial purposes;

6.1.4 Distances are based on the shortest possible lawful route that can be followed on foot, from the entrance of the existing pharmacy premises to the entrance of the proposed pharmacy premises;

6.1.5 In the case of applications for the location of a pharmacy in a shopping centre, the number of retail establishments is considered. The norm is 1 (one) pharmacy in a small shopping centre, 2 (two) pharmacies in a large shopping centre with up to 100 retail establishments, 3 (three) pharmacies in a large shopping centre with up to 150 retail establishments, with 1 (one) additional pharmacy permissible for each additional 100 (one hundred) retail establishments thereafter. A letter specifying the number of retail establishments in the shopping centre must be provided by the management of the shopping centre or the developer in the case of a new centre or an extension to an existing centre. Such letter must be on the official letter head of the management of the shopping centre or the developer (as applicable) and must include a signed declaration verifying the correctness of the information provided.

6.2 Change of ownership

6.2.1 If there is a proposed change of ownership of a pharmacy, an application for change of ownership must be submitted to the Director-General;

6.2.2 In the case where a change of ownership of a pharmacy is to be accompanied by a relocation of premises, one application for change of ownership and relocation must be submitted to the Director-General;
GUIDANCE FOR THE ISSUING OF LICENCES FOR PHARMACY PREMISES

6.2.3 If the pharmacy remains in the same premises, norms relating to population, proximity and location as contemplated in clauses 6.1.2, 6.1.3, 6.1.4 and 6.1.5 will not be considered in the evaluation of the application; and

6.2.4 In the case of a change of ownership, once the new licence has been issued, the current licence of the pharmacy premises shall be deemed as cancelled and must be returned to the Director-General before a new licence is issued for the premises in question.

6.3 Relocation of pharmacy premises

6.3.1 In the case of a relocation of a pharmacy premises, an application for a licence for the new premises must be submitted to the Director-General;

6.3.2 In the case where a relocation of a pharmacy premises is to be accompanied by a proposed change of ownership, one application for relocation and change of ownership must be submitted to the Director-General;

6.3.3 In the case of any relocation of a pharmacy premises, a licence may be granted if the proposed new premises are within 250 (two hundred and fifty) metres, by the shortest possible lawful route that can be followed on foot, from the entrance of the current pharmacy premises to the entrance of the proposed pharmacy premises. The norms relating to proximity as contemplated in clauses 6.1.3 and 6.1.4 will be considered in the evaluation of the application;

6.3.4 If a pharmacy is to be relocated to new premises which are more than 250 (two hundred and fifty) metres by the shortest possible lawful route that can be followed on foot, from the entrance of the current pharmacy premises to the entrance of the proposed pharmacy premise, the norms relating to population, proximity and location as contemplated in clauses 6.1.2, 6.1.3, 6.1.4 and 6.1.5 will be considered in the evaluation of the application;

6.3.5 Norms relating to distance are not applicable in the case of the relocation of an institutional pharmacy in a public health facility, or an institutional pharmacy in a private health facility where the pharmacy is relocating within the institution in which the pharmacy is located;
GUIDANCE FOR THE ISSUING OF LICENCES FOR PHARMACY PREMISES

6.3.6 Where a pharmacy relocates into a shopping centre, the norms relating to shopping centres will apply;

6.3.6 In the case of relocation, once the new licence has been issued, the current licence of the pharmacy premises shall be deemed as cancelled and must be returned to the Director-General before a new licence is issued for the premises in question.

7. Basis for evaluation of applications

7.1 Applications will be dealt with in chronological order of receipt of a complete application;

7.2 An application for a licence for a pharmacy premises will be deemed to be complete when all documents required in terms of the relevant application form, including compliance with Good Pharmacy Practice as contained in rules published in terms of Section 35A of the Act and, where applicable, a licence issued in terms of Section 22C of the Medicines and Related Substances Act, 1965 (Act No. 101 of 1965), have been received by the Director-General;

7.3 In the case of a new site where a licence issued in terms of Section 22C of the Medicines and Related Substances Act, 1964 (Act No. 101 of 1965), is required this licence must be obtained prior to the issuing of a licence for the pharmacy premises;

7.4 The applicant may be requested to provide additional information in support of a complete application;

7.5 In the case of an application which is incomplete, any outstanding information or documentation must be received by the Director-General within 30 (thirty) days of a request being submitted to the applicant. In cases where the requested information or documentation is not received by the Director-General within the required 30 (thirty) days the application will lapse. The applicant will be required to submit a new application accompanied by the applicable fee;
GUIDANCE FOR THE ISSUING OF LICENCES FOR PHARMACY PREMISES

7.6 Applications are evaluated on the basis of the population of the sub-district or place to be served by the proposed pharmacy and the distance between the proposed pharmacy premises and existing community pharmacies;

7.7 The population figures used will be based on the latest available statistics provided by Stats SA;

7.8 In the case of applications for a pharmacy in a shopping centre, the number of retail establishments in the centre is considered;

7.9 In considering applications, the norm relating to the population to be served is considered first, followed by the norm relating to proximity to other community pharmacies. In the case of a pharmacy to be located in a shopping centre, the population and proximity to other community pharmacies is not taken into consideration;

7.10 Other factors which may be considered in the evaluation of applications include, but are not limited to the provision of services to patients with special needs or disabilities, the age of the population, as well as factors which may affect the number of people passing the premises;

7.11 In the case of an application for the relocation of a pharmacy within the same sub-district or place only the norms relating to proximity as contemplated in clauses 6.3.3 and 6.3.4 will be considered;

7.12 In the case of an application for the relocation of a pharmacy to a different sub-district or place norms relating population as contemplated in clause 6.1.2 and proximity as contemplated in clauses 6.1.3, 6.3.3 and 6.3.4 will be considered.
