

ALLU Group

PRESS RELEASE

DATE: January 23, 2019

ALLU to launch and demonstrate new products, solutions at bauma 2019

ALLU will be proudly exhibiting and demonstrating equipment from its Transformer, Processor and other equipment ranges at bauma 2019. As well as established and proven equipment, ALLU will be unveiling its latest developments, and launching new and exciting solutions.

The next bauma will be held from April 8 – 14 in Munich, Germany. At the world's leading construction equipment exhibition, ALLU will be using the show to exhibit and demonstrate leading models in its ranges, outline new features of the equipment, and launch its latest developments aimed at further enhancing customer business operations.

New products and solutions

In addition to its existing state-of-the-art equipment solutions being exhibited at the show, ALLU will also be introducing new products and solutions. These consist of:

- The new and upgraded ALLU Mobile App, with new functions aimed at helping improve customers' productivity and jobsite safety, while also providing enhanced customer service
- ALLU TS blade structure, with two fragment sizes and a new blade thickness of 8mm
- ALLU TS doubling / tripling new blade variations for combinations ranging from 8mm right up to 105mm, providing more possibilities with one ALLU

The patented, unique TS blade structure has been developed by ALLU, which has long been a pioneer in techniques of this kind. The TS blades are a modern development for the screener / crusher market, with ALLU set to deliver new levels of efficiency and productivity with the new blade variations. This new blade structure will further enable customers to utilize their ALLU Transformer in more than one way.

The ALLU Mobile App is the latest development of ALLU's state-of-the-art communication system. This provides an intelligent digital solution for customers and operators to obtain accurate and timely operational information, thereby maximizing safe and productive use of ALLU equipment. Through easier and improved contact functionality, customer support is also enhanced through the new features of the app.

The complete lineup for bauma 2019

The ALLU stand will be located in the open area north of the extensive show ground, right next to the northeast entrance. The purpose-designed stand will enable ALLU to show visitors how ALLU equipment

and solutions are able to transform business operations, delivering improved productivity, efficiency and profitability. The entire range of Transformer models, from the smallest DL-Series to the large M-Series will on display, and, in addition, the stand will show the ALLU Processor 500 HD.

The ALLU stand at bauma will be located at FN.1021/2 in the open area, north.
