

A close-up, low-angle photograph of a metal stormwater inlet grid installed in a concrete curb. The grid is made of galvanized steel with a square pattern. In the background, a white car is parked on a street, and greenery is visible under a clear sky.

NO MORE KLAK-KLAK!

A NEW STANDARD FOR **STORMWATER** INLET GRIDS

LIBER GRIDS **lock-down**, have a **25-year guarantee** and offer superior **flow-rate** capability. We also offer **load-class** certification across our entire range of stormwater inlet grid products. *Unlike* most stormwater inlet grids.

Our manufacturing and **quality** processes are **ISO 9001** and **SABS** certified. Call us *today* to stop the KLAK-KLAK!
